Elena & Los Fulanos

DC-based bilingual folk-rock band **ELENA & LOS FULANOS** creates music that ranges from twangy, heartbreak-themed folk Americana, to soothing, introspective, violin-infused Latin rock. Influenced by front-woman Elena Lacayo's experience growing up in two cultures, Elena & Los Fulanos creates a world where language and tradition meld with catchy melodies and inventive chords to enhance appreciation for diversity in an increasingly multi-cultural world.
